NOTE FOR: ~~Executive Director~~ *282*
 FROM: Stanley Sporkin
 General Counsel

Chuck:

Here is the kind of speaking invitation that I discussed with you. I think it is important that I be able to meet with these people. The organization is not a 501(c)(3) but nevertheless I believe it would be appropriate for me to address the organization and for the organization to reimburse me for my expenses. Please let me have your views as soon as possible so I can respond to Mr. Bauman.

Stan:

* This package does not indicate what the advantage is to the Agency. Judge Clark recently expressed Presidential desires on limiting public comment; the DCI stated very clearly that the DCI and DDIC are the Agency spokesmen. Many of us turn down, regularly, requests from groups who would be interested/fascinated/fatigated to have a CIA official speak.

Increased Agency analyst contact outside is Agency policy. Improved recruitment, particularly of hard-to-get categories, is Agency policy. General public image enhancement, including media contact, is OEXA's baby. If the case can be made for clear Agency benefit, the Agency should pay — or an exception requested, with supporting facts.
